

Professional Portfolio

Purusharth Sharma · Computer Science Engineer · Second Year Student

LOVELY PROFESSIONAL UNIVERSITY

BATCH OF 2026

OPEN TO INTERNSHIPS

About Me

Purusharth Sharma

Second-Year CSE Student

Lovely Professional University

📍 India

Who I Am

Second-year Computer Science Engineering student at Lovely Professional University with a strong passion for building scalable software solutions and solving complex computational problems. I am dedicated to continuous learning and applying my technical knowledge to real-world challenges.

I have hands-on experience with full-stack development, competitive programming, and academic projects that demonstrate strong problem-solving abilities and technical expertise. I am actively seeking internship opportunities to apply my technical skills and gain valuable real-world experience in software development and engineering.

Technical Skills

Programming Languages

Python, Java, C , JavaScript, SQL

Databases

PostgreSQL, MongoDB

Web Development

React, Node.js, Express, HTML/CSS,

Soft Skills

Problem-solving, Communication, Team Collaboration, Project Management — leadership beyond the keyboard.

Education

Bachelor of Science in Computer Science Engineering

Lovely Professional University

Expected Graduation: **May 2029**

Relevant Coursework

- Data Structures & Algorithms
- Database Systems
- Object-Oriented Programming
- Web Development
- Discrete Mathematics
- Computer Architecture
- Software Engineering

Academic Highlights

Merit Scholarship

Recipient of merit-based scholarship in recognition of academic excellence.

School Education

10th Grade

DAV Public School, Gohar

89.8%

12th Grade

Minerva Sc. Sec. School, Ghumarwin

76%

Certifications

Python Certificate

Comprehensive certification demonstrating proficiency in Python programming, including data structures, algorithms, and object-oriented programming concepts.

Leadership Certificate

Recognized for leadership skills and ability to guide teams, manage projects, and inspire collaborative problem-solving in academic and technical environments.

Achievements & Sports

Technical Achievements

→ **Arduino-Based Door Unlocking System**

IoT and embedded systems project that demonstrates hardware-software integration and secure access control implementation.

→ **Codeforces questions**

Doing some DSA questions on codeforces. That helped me to think in a different ways and helped me in problem solving

Sports Achievements

Cricket Captain

Led the university cricket team with strong leadership, strategic thinking, and team management skills — translating sports captaincy into real-world leadership.

Badminton — District Level

Represented the district in competitive badminton championships, achieving athletic excellence and demonstrating dedication, discipline, and competitive drive.

Contact & Links

Let's connect — I'm actively seeking internship opportunities in software development and engineering.
